# Aarav Mehta

Senior Machine Learning Engineer

Bengaluru, India | aarav.mehta@example.com | +91 90000 00101 | linkedin.com/in/aarav-mehta-example | github.com/aarav-ml-example

## PROFESSIONAL SUMMARY

Machine learning engineer with 6 years of experience building NLP and LLM-powered products in production. Designed retrieval augmented generation (RAG) systems serving 2M+ queries per month. Strong in Python, PyTorch, MLOps and cloud deployment, with a track record of mentoring engineers and partnering with product teams.

## SKILLS

**Languages:** Python, SQL
**ML / NLP:** PyTorch, Hugging Face Transformers, NLP, LLMs, RAG, LangChain, scikit-learn, XGBoost
**Vector & Data:** FAISS, Pinecone, PostgreSQL
**MLOps & Cloud:** Docker, Kubernetes, AWS (SageMaker, S3, Lambda), MLflow, CI/CD, Git, FastAPI

## PROFESSIONAL EXPERIENCE

**Senior ML Engineer | Lumina Retail Tech, Bengaluru** Jan 2022 - Present

- Built a RAG-based customer support assistant using LangChain, FAISS and fine-tuned LLMs; reduced ticket volume by 32%.
- Deployed models with Docker and Kubernetes on AWS; set up MLflow model monitoring and CI/CD pipelines.
- Mentored 4 junior engineers and led design reviews with product stakeholders.

**Machine Learning Engineer | Quantis Labs, Pune** Jul 2019 - Dec 2021

- Developed BERT-based text classification and named entity recognition models in PyTorch (F1 0.91).
- Served models via FastAPI microservices; wrote SQL feature pipelines on PostgreSQL.

**Data Science Intern | Orbit Analytics, Pune** Jan 2019 - Jun 2019

- Built churn prediction models with scikit-learn and XGBoost.

## PROJECTS

- Open-source RAG evaluation toolkit: Python library to score faithfulness and answer relevance of RAG pipelines; 400+ GitHub stars.

## EDUCATION

**B.Tech in Computer Science, Deccan Institute of Technology, Bengaluru** 2015 - 2019
CGPA 8.6/10

## CERTIFICATIONS

- AWS Certified Machine Learning - Specialty
- DeepLearning.AI - Natural Language Processing Specialization

## ACHIEVEMENTS

- Speaker, DataSummit Bengaluru 2025 - 'Shipping RAG to production'
